Calypso to Unveil New Attraction on June 7!

Limoges, May 23, 2012 – This summer, get ready to face an epic challenge! For its opening day on June 7, the [Calypso](#) theme waterpark will welcome visitors with the *Jungle Challenge*, a brand new, breathtaking attraction that promises lots of fun and laughs.

Both young and old will enjoy this exotic course featuring obstacles and surprises. Intrepid adventurers can try to complete the course by walking on logs, crocodiles and water lilies, while holding onto ropes and nets, all without getting wet!

This new attraction, located on the shore of *Jungle Run's* tropical river, as well as improvements made to the waterpark's existing installations, represent a total investment of \$1 million: "The addition of the *Jungle Challenge* enables us to diversify once again our offering of water games for the whole family, and aligns perfectly with our goal to provide increasingly exhilarating days and unforgettable experiences to our visitors," said Mr. Guy Drouin, President and CEO of Calypso Theme Waterpark.

As such, adventure seekers and waterslide enthusiasts will be excited to discover this new attraction, as well as their old favourites, such as *Boomerango*, *Turbo Lab* or *Summit Tower*, where thrills and adrenaline combine!

Calypso, Canada's biggest theme waterpark, invites families and friends to come and enjoy its many attractions from June 7 to September 3.

About Canada's biggest and best theme waterpark

Calypso stands out through its sheer size, with an aquatic section covering over 100 acres and over 35 waterslides, 100 water games, the country's largest wave pool and all heated pools. These attractions, which include *Jungle Run River*, *Pirate's Aquaplay* and *Zoo Lagoon* for kids, are each more impressive than the next and feature the latest in cutting-edge technology. Officially opened in summer 2010 following an investment of over \$50 million, this waterpark has had a remarkable freshman year and won several awards for the quality of its installations. This year is proving no different, as the company kicks off its season with two awards already under its belt, namely *Company of the Year*, given by RGA, and *Innovation of the Year*, given by Ottawa Tourism. Calypso Theme Waterpark is located east of Ottawa, off Highway 417, and 75 minutes from Montreal.

Season membership

In order to take full advantage of Calypso's numerous attractions, guests are invited to visit calypsopark.com to purchase their tickets.

Additional information, an event calendar, as well as event photos and videos of Calypso Theme Waterpark are available on its website, at calypsopark.com, and official Facebook page: [Calypso Theme Waterpark](#).
